

Summer 2007

Dear Bike Race volunteer,

Mount Snow is hosting the 2007 USA Cycling Mountain Bike National Championships from July 17-22, 2007. According to our event director, this event should prove to be bigger (and better) than it has been in years. In order to make the event as successful as past mountain bike race events, we need your help and the help of your friends and family members! We hope to recruit even more volunteers than we have in the past few years, so please spread the word.

Please review the enclosed volunteer forms, which include volunteer positions and the approximate time when each position is needed. Please fill them out and fax them to 802-464-4070 or mail them to: Donna Brown, Mount Snow, PO Box 2810, West Dover, VT 05356. Or, review the forms on our website, [www.mountsnow.com](http://www.mountsnow.com) (follow the links to the USA Cycling page), where you can fill the forms out electronically and email them to [dbrown@mountsnow.com](mailto:dbrown@mountsnow.com). When we receive your forms, we will confirm your position and schedule by phone or email. Volunteer needs and event times are subject to change as the event approaches.

Each volunteer will receive one race t-shirt, lunch each day, and one complimentary lift pass for the 2007-08 winter season for each shift worked. Shifts are as follows: 3 to less than 5 hours = 1/2 shift, 5 to 8 hours = 1 shift, over 8 to 13 hours = 2 shifts, over 13 hours = 3 shifts.

As in the past, many volunteer positions have an age requirement of 18. There are several positions that can be held by responsible teenagers between the ages of 13-17, such as feed zones, course marshals and staging. Please keep in mind that you if bring a child (12 years or younger) to assist you in your volunteer position, then the two of you will be acting as a team. Only one complimentary lift pass will be given to the team for each shift worked. Each team member will receive the race t-shirt and lunch each day. We do not recommend bringing your small children with you. Their safety is very important to us and mountain biking race events are certainly not free of risks.

I look forward to working with you this year.
